**ABSTRAK**

Penelitian ini bertujuan membuat film pendek mengenai kekerasan dalam pacaran (*dating violence*) secara emosional peserta didik kelas XI Sekolah Menengah Atas agar dapat memperoleh informasi terkait bentuk permasalahan kekerasan dalam pacaran (*dating violence*) secara emosional. Penelitian ini merupakan *Research and Development* (RnD) dengan menggunakan model ADDIE (*Analyze, Design, Development, Implementation, Evaluation*). Penelitian ini dilakukan di SMA Negeri 28 Jakarta dengan menggunakan teknik sampling *simple random sampling* dengan subjek sebanyak 63 responden pada tahap studi pendahuluan. Pengumpulan data menggunakan Teknik wawancara kepada guru BK dan angket yang disebar kepada peserta didik. Hasil uji validitas dengan ahli media mendapat presentase sebesar 91,6% (Sangat Layak) dan ahli materi sebesar 94% (Sangat Layak). Hasil uji coba kelompok kecil mendapat presentase 84% (Sangat Layak) pada penilaian media, dan pada ketercapaian tujuan instruksional mendapat persentase 83%. Sehingga, film pendek mengenai pengetahuan kekerasan dalam pacaran (*dating violence*) untuk kelas XI peserta didik Sekolah Menengah Atas dapat dinyatakan "Sangat Layak".
