ACKNOWLEDGMENTS

All praise be to Allah, the Almighty and the Most Merciful, who has granted me His blessings and miracles to finish this *skripsi*. May praise be also devoted upon the Prophet Muhammad. May peace and blessings be upon him, his family, and his companions. I would like to express my sincere appreciation to those wonderful people who have influenced and supported me in my entire life, especially in this thesis writing.

First of all, I would like to deliver my deepest gratitude to my supervisors, Prof. Dr. Ilza Mayuni, M.A and Lasito, M.App.Ling who have been willing to give me valuable time, patience, support, and advice to me. I wish for their forgiveness if I have made a lot of mistakes during the process of this thesis writing. Grateful acknowledgment is also dedicated to all of the lecturers of English Education Department of State University of Jakarta for their knowledge given to me.

I would like to express my sincerest gratitude to my beloved parents for always giving me their greatest love, prayers, and patience all the time in my life. Their advice has led me this way. Their support makes me always try to be the best I can. For my sister, Bella, I thank her for supporting me all this way with your love and smiles, thank you for being the best sister. Special thank is devoted to my *Wacana Girls* (Christien, Devny, Dinka, Sevira, Syifana) who always make me feel being loved and special, you know I love you.

Then, I would like to thank my bestfriend, Tia for all the time we have been shared together since 2004. Some years later, hopefully we still have the same or even better friendship just like now. I would also thank to Novia who always be there for me when I need you, to my partner in everything, Tyas who always fill my day since high school. I would also thank to Ghea who always remind me to do the *skripsi* together, thank you for being my reminder. Last but not least, I would like to thank you to all member of 14 DC for the amazing 4,5 years.
