In the name of Allah, the most gracious and most merciful praised to Allah, the Cherish and sustainer of the world, and peace and prayers be upon Allah's final prophet and messenger. The greatest gratitude goes to Allah SWT, who gives blessing and grace so that I could finish the thesis, entitled *The Representation of Internet Celebrity in Syahrini's Instagram Posts* on time.

I would like to give my gratitude, respect, and appreciation to the following people who have made this thesis possible:

1. The love of my life: Mamah, Kak Lisna, and Kak Dinny thanks for your endless support and love for me, especially during the process of writing this thesis. Mama, thanks for all your sacrifices for me, actually it is not easy for me labeled as “beban terakhir” of a super woman who is rising her three children alone like you. I know that we often have different perspectives and opinions, also we never show our affection directly through beautiful words, but in my deepest heart, I always love you mom. Kak Lisna, you are truly a support system and an ATM machine in the same time for me. Your academic achievements actually are the biggest motivation for me to finish this thesis on time, since our mother always told me that “Kakak kamu bisa lulus 3,5 tahun terus cum laude lagi”. I don't know what will happen to me without you kaka Ina, thanks for your supports and prayers, I love you so much with all of my heart. Kak Dinny, maybe you can't give me much in “material’ form like kak Lisna does, but your great advices and motivations really help me to keep fighting. Even though, you often make me ‘gregetan’ because of your behavior, but you are such an amazing sister for me, thank you kakak for your prayers and supports, I love you so much.
2. Maam Nurbaity, my great, understanding, and caring thesis advisor. Thanks a million for you maam, who always gives me your best inputs, and corrections
