

ACKNOWLEDGEMENT

In the name of Allah, the Most Gracious, the Most Merciful. All Praise and Thanks to God for His blessings so the writer could finish the thesis. This opportunity is also to express the writer's gratitude to the people who have been thoughtfully taking part in the completion of this thesis.

- 1.) First and foremost, Mom and Dad, for their infinite love, prayer, and support.
- 2.) Mrs. Atikah Ruslianti, M. Hum as both the Head of English Literature Program of English Department and the writer's advisor for her guidance, advice, help and support during the process until the completion of this thesis.
- 3.) The '*Girls on Fire*' who will always be on fire; Desty Pratiwi, Disvi Oktarinda, Muthia Ulfah, Nur Alike Arif, and Tri Hastuti Widayanti. As well as 12SBR! Thank you all for the accompaniment of the last restless four years. Cannot wait to look forward what the future has for us.
- 4.) The behind-the-scene people; Desty, Dian, Juwi, Thifal. It was a freaking hectic year with the four of you. So here I am keeping my promise to write all your names in this acknowledgement.
- 5.) For the numerous people in my *playlist*. Thanks for the *limitless* entertainment, for the loud music and inspiring lyrics. BOOM BOOM!
- 6.) Lastly, I owed it all to this globalization era that makes everything borderless. I sincerely thank you for all of the list of people in the last four pages of this thesis. Especially Mr. Murakami for the great book and for all the confusion.
