Firstly, I would like to thank Allah swt for giving me a blessing so that I can finish this undergraduate thesis. I would also like to give a hearty gratitude and appreciation for those who gave such a great contribution in the process of writing this thesis from the beginning to the end:

1. My parents and siblings for their never ending prayer, trust, love, and supports. Though we may be apart I would never forget your advice and care.
2. Mrs. Ati Sumiati, M. Hum for her patience, inspirational advice and guidance in making this thesis come true.
3. Amalia Fitri Annisa, my really special friend, for all her love and supports. Also my sincerest thanks for helping me when I'm down with your helpful advice and cheers. Thank you for listening to all my problems and giving your concern for me. For all these precious moments and fun times are something that I will never forget.
4. Raditya Rahman from Neko-fan club and Ajeng Ratnasari, my best friends, for their jokes and fun times. Days go by always with bright laughter. It is my honor to be your friends.
5. My classmate for the lessons and struggle. Like a wise man once said, never refuse the gold given.
