

## ABSTRACT

**Nova Lestari. 2017.***The Representation of Homosexual in Fanfiction Out of My System.* A Thesis: Jakarta, English Department, Faculty of Arts and Languages, State University of Jakarta. August 2017.

This research discusses how homosexual is represented in *Out of My System* fanfiction by xxdevilishxx through the narrations and dialogues. This research is about representation of homosexual in the fanfiction *Out of My System*. Fanfiction, as part of mass media, has an influence to represent issues in society. The content of fanfiction reflects on the current issues in society. One of the most popular fanfiction is homosexual fanfictions, that's why the writer chooses to analyse the representation of homosexual fanfiction. Fanfiction *Out of My System* is a fanfiction that is featured on the main page of fanfiction website for one month, because of that the writer chooses this fanfiction as the data. In order to see how the *Out of My System* fanfiction represents homosexual, this research used Stuart Hall's representation theory. The results from the analysis that has been done, the *Out of My System* fanfiction represents homosexual as a deviant relationship. Furthermore, based on this research, *Out of My System* fanfiction also represents homosexuals experience social discrimination from the public. They also face the negative responses from their family because their family sees them as an abnormal relationship.
