Bisillahirrahmanirrahim. Alhamdulillah. All praise to Allah SWT for blessing me more than I deserve. Through this acknowledgment, I would like to express my gratitude to...

I wonder you will say “You always have no money! :D). And also my younger sister, Nisa, who is more like my older sister and takes care of me as if I am her cat.

The honorable Ibu Sri Sulastini, M.A., as my first advisor in conducting this research. Thank you for your caring and sharing. Thanks for providing us how to do the right research so that it can give great significance, how to think critically, and how to be a good educator. It was really an honor to me. I also want to thank Ibu Darmahusni, M.A., as my second advisor. And Pak Muchlas Suseno, M.Pd., as my academic advisor. Thank you for your advice. May Allah always gives His’ blessings to you.

the library. I hope English Department will always surrounded by great people like all of you.

Wisudawati 2017 or ST's squad or *Skripsi* fighter or whatever it is called, Umi; Aul; Nadey-chan..., thanks for accepting me as your last member of the group, accepting my "radical-minded", my uniqueness, my jokes, and even my *unfaedah* acts. Meeting you all was the best fate God gave to me. May Allah always show His way for us to reach our dreams. I hope this relationship won't ever end, won't it?

My beloved 13Dikbeers... I sometimes feel like I have been trapped on this campus, but at least I never felt that way when sitting in the class together with you. Thanks for being a piece of memories of my campus life. Thanks for laughs and tears we shared together. Especially Fira-ya who always be my fangirling and chronic-level-of-imagining-Idols friend! 너무너무 사랑해~ Let's fangirling until we are grey and old :D

BEM ED 2014/2015, BEM FBS 2015/2016, DPM ED 2016/2017, BPM FBS 2016/2017 for precious organization experiences. Thanks for not making me want to stop join organizations. I still believe that meeting new people and learn good things from them will give better personality.

Music that always give my heart a beat and bring me back to life. My 2D world boyfriends, BTS and EXO. Thanks for making me feel like I'm having boyfriends who shout to me "Hey! You can do it!". Thanks for all interesting

novels, stand-up comedy videos, adorable animals' videos, Horror and romance-comedy movies which always be my best escape when I was stuck in writing.

I also would like to thank everyone who have helped me in finishing my S1. I could not write your name one by one, but trust me I will always send my prayer to you. I hope you will get what you have dreamed and someday we will meet again.

Lastly, you who make time to read my *skripsi*. I believe this study could give you valuable information.
