LEMBAR PERSEMBAHAN

I praise Allah, The Almighty for providing me this opportunity and granting me the capability to proceed successfully.

First and foremost, this undergraduate thesis is dedicated to my loving parents, **Fifian Zulfikar** and **Dewi Noverlina** for their endless love, support and encouragement. Thank you both for loving me unconditionally and whose good examples have taught me to work hard for the things that I aspire to achieve. My sisters, **Citra, Indira,** and **Vera** deserve my wholehearted thanks as well.

I would like to sincerely thank my supervisors, **Dr. Ir. Vina Serevina, MM** and **Hadi Nasbey, S.Pd, M.Si** for their guidance and support throughout this study, and especially for their confidence in me.

To my best friends, **Nindy, Pipit** and **Upi**, thank you for their understanding and encouragement in my many, many moments of crisis. In addition, I would like to thank the following individuals for giving me a new appreciation for the meaning and importance of friendship, **Desi, Meli, Fadlah, Dwi, Dian** and **Karlina**.

Thanks to all members of **PFR 2011** for providing a good atmosphere of our classroom as friendly as possible. A very special thanks goes out to all members of **Tim Robotik FT UNJ** for allowing me to be a part of team and helping me with my curiosity.
