

## ABSTRAK

**IQBAL SUJATMIKO.** *Hubungan antara Dana Pihak Ketiga dan Jumlah Kredit dengan Return On Assets Bank Umum Swasta Nasional di Indonesia*, Skripsi. Jakarta: Program Studi Pendidikan Ekonomi, Konsentrasi Pendidikan Akuntansi, Jurusan Ekonomi dan Administrasi, Fakultas Ekonomi, Universitas Negeri Jakarta, 2011.

Penelitian ini bertujuan untuk mengetahui ada tidaknya hubungan antara Dana Pihak Ketiga dan Jumlah Kredit dengan *Return On Assets* Bank Umum Swasta Nasional di Indonesia. Tempat penelitian dilaksanakan di Perpustakaan Bank Indonesia, yang beralamat di Jl. MH Thamrin No.2 Jakarta Pusat. Waktu penelitian dilaksanakan selama tiga bulan terhitung sejak bulan Januari sampai dengan Februari 2011.

Metode penelitian menggunakan metode survey dengan pedekatan korelasional ganda. Populasi terjangkau dalam penelitian ini adalah 34 bank umum swasta nasional di Indonesia dan sampel yang digunakan adalah 32 bank umum swasta nasional di Indonesia yang terdaftar di direktorat Bank Indonesia pada tahun 2009.

Uji persyaratan analisis dilakukan dengan uji normalitas galat taksiran Y atas X dengan menggunakan uji lilliefors yang memperoleh  $L_{hitung} (0,040) < L_{tabel} (0,157)$ . Hal ini menunjukkan data berdistribusi normal.

Uji hipotesis dimulai dengan mencari persamaan regresi linier ganda dan diperoleh  $\hat{Y} = 3,92 - 1,24X_1 + 1,10X_2$ . Dari uji koefisien korelasi *product moment*, memperoleh  $r_{yx1x2}$  sebesar 0,472 yang menunjukkan bahwa terdapat hubungan positif antara Dana Pihak Ketiga dan Jumlah Kredit dengan *Return On Assets* bank. Dari uji keberatian koefisien regresi Dana Pihak Ketiga diperoleh  $t_{hitung} (2,818) > t_{tabel} (2,042)$  yang menunjukkan bahwa pengaruh antara Dana Pihak Ketiga dengan *Return On Assets* berarti. Dari uji keberatian koefisien regresi Jumlah Kredit diperoleh  $t_{hitung} (2,365) > t_{tabel} (2,042)$  yang menunjukkan bahwa Pengaruh antara Jumlah Kredit dengan *Return On Assets* tidak berarti.

Hasil penelitian menyimpulkan bahwa adanya hubungan positif dan berarti hubungan antara Dana Pihak Ketiga dan Jumlah Kredit dengan *Return On Assets* Bank Umum Swasta Nasional di Indonesia.

## ABSTRACT

**IQBAL SUJATMIKO.** The Correlation Between Third Refund and Amount Of Credit With Return On assets Of National Private Commercial Bank in Indonesia, Scientific Paper. Jakarta: Study Program of Economics Education, Accountant Education Concentrate, Economics and Administration Department, Faculty of Economic, State University of Jakarta, 2011.

*This research is to know whether there are a correlation between Third Refund and Amount Of Credit With Return On assets of national private commercial bank in Indonesia or not. The study is conducted in Bank of Indonesia Library at Jl. MH Thamrin No.2, Jakarta Pusat, between January to February 2011.*

*The method is survey with double correlation approach. Population in this study is 34 Commercial Bank, which 32 Commercial bank who listed in Directory Bank of Indonesia at 2009 data are taken as sample.*

*Test analysis condition was by test estimated normality error Y on X with Liliefors test which resulted in  $L_{cal}$  (0,040) <  $L_{table}$  (0,157) and this showed that data was normally distributed.*

*Hypothesis test started with looking for double linier regression which in this study yielded in  $\hat{Y} = 3,92 - 1,24X_1 + 1,10X_2$ . Calculating from Pearson's product moment correlation coefficient revealed that  $r_{yx1x2}$  resulted 0,472 which mean that there was a positive correlation between Third Refund and Amount Of Credit With Return On assets bank. Calculating of Third Refund Regression coefficient significance resulted in  $t_{cal}$  (2,818) >  $t_{table}$  (2,042) which mean that influence was significant. And calculating from Amount Of Credit Regression coefficient significance resulted in  $t_{cal}$  (2,365) >  $t_{table}$  (2,042) which mean that influence was not significant*

*Therefore, the research concluded that there was a positive and significant correlation between Third Refund and Amount Of Credit With Return On assets of national private commercial bank in Indonesia*
