

## ACKNOWLEDGMENT

This 'skripsi' will not be finished if I don't get any help or support from others. I would like to use this blank page to say thanks to people that already helped me and gave encourage to me. First of all, I'd like to thank to The Creator, The Owner, The Sustainer of The Worlds, Allah SWT. Without His Blessing and His Guidance, I would never be able to do many things, I would not be able to feel the air, step the ground, taste the food etc. Another big supporter in my life is my family: my Dad, my Mom, and my sister, Tara. The three of you are what my life is described. Thanks for always supporting me and giving courage to me in every way. And these are list of other people who helped me so much until I can finish to conduct this 'skripsi'.

5. Thanks to Wantri and to all 2010 students who gave their writings to me. Thanks for collecting the data which made me possible to finish this 'skripsi' at a time that I already targeted.
6. To my senior, junior and elementary school friends that are still keep-in-touch with me. You know who you are and I can't name your name all here since I'm not allowed to write too many pages for acknowledgment ☹

There are still many names that I haven't mentioned here. It's not because you are less important, it's just that I am not allowed to write acknowledgment in 100 pages or something. I still thank you all and surely remember all of your help and support precisely in my mind. Once again, thanks to everyone for your assistance, advice, support, pray, and else until I finished 'skripsi'.
