DATA WORD FORMATION IN RAGNAROK ONLINE 2 FORUM

| Compound Word | Process | Meaning | Interpretation |
|---------------|--------------|--|---|
| Blacksmith | black+smith | one job in Ragnarok Online 2 who mines metal, search mineral to make or sell a weapon (armor, weapon, sword) | A compound word blacksmith comes from <i>adj</i> "black" which is a dark color and "smith" which is someone who makes things from metal. The two words create a new word with a new meaning. It is not exactly like the meaning of the two words combined (not a black person who makes things from metal) |
| multiposts | multi+posts | many postings in the forum which has same contents (the person posting his same message more than one post) | A compound word multiposts comes from "multi" which means having many and "posts" which means letter. The two words create a new word with a new meaning and it is not exactly like the meaning of the two words combined (not having many letter; posts in this case refer to an electronic message which can be seen by many people) |
| nothing | not+anything | not do any action | A compound word that created from "not" and "anything". |
| Beastmaster | beast+master | an archer class that could be chosen once you are level 25 in Ragnarok Online 2 who can transform into beasts (beast, tiger, bear) and use their skill to defeat enemy | A compound word beastmaster comes from "beast" which is a wild animal and "master". The two words are combined and create a new meaning in the game (as someone who can transform and use the power of the beast) not as a beast controller. |
| whenever | when+ever | anytime or anywhere | A compound word that created from "when" and "ever" |
| something | some+thing | a quality which is unknown (in this context a player ask an equality of skill dps of each job) | A compound word that created from "some" and "thing" |
| anything | any+thing | any or whatever acts (in this context command to encounter other player skills, technique or ability) | A compound word anything comes from "any" and "thing" and this compound word (in this ontext) that in the battle between player, he or she could not encounter is enemy using any command typed from keyboard since he as lost |
| anyone | any+one | people | A compound word that created from "any" and "one" |

DATA WORD FORMATION IN RAGNAROK ONLINE 2 FORUM

| | | | |
|------------|-------------|--|---|
| sandstorm | sand+storm | a strong wind in a desert carrying a large amount of sand (but in this forum sandstorm is a reference of a location in the game which is a desert) | A compound word sandstorm comes from "sand" and "storm" and this compound word (in this context) use as a reference of location in the east of Comondo which is all desert. |
| leftover | left+over | describes part of something that has not been used or eaten when the other parts have been | A compound word leftover comes from "left" and "over" |
| superlarge | super+large | very large | A compound word superlarge comes from "super" and "large" |

| Clipping | Process | Meaning | Interpretation |
|----------|---------------|--|--|
| tab | tab(ulation) | tabulation is a place to equip the equipment (costume, gear) | The word "tabulation" is clipped. It retains the beginning, so it can be concluded this is back-clipping |
| min | min(imum) | minimum is the smallest/lowest time when you played there | The word "minimum" is clipped. It retains the beginning, so it can be concluded this is back-clipping |
| exp | exp(erience) | Experience is the indicator to leveling. This is an indicator to leveling your job. It can be from mining and making tool (if you are a blacksmith), create potion and search herb (if you are alchemist), etc | The word "experience" is clipped. It retains the beginning, so it can be concluded this is back-clipping |
| int | int(ellecual) | intellectual is the state of magical damage and magical defense your IMO has. It can be added using a battle experience, costumes and gear, item | The word "intellectual" is clipped. It retains the beginning, so it can be concluded this is back-clipping |
