

CHAPTER III

METHODOLOGY

3.1. Research Method

This study uses descriptive analytical study as the method. Descriptive analytical study is a research method done by describing the facts and then followed by analysis (Ratna, 2004:53). The writer will describe and analyze the dialogues and narrations in the novel that represent the changes of personality of the main character based on the theories which are already explained in chapter II.

3.2. Data and Data Source

The data of this study are words, phrases, clauses and sentences that indicating the personality and the changes of personality of Tsukuru Tazaki which is taken from the original novel *Colorless Tsukuru Tazaki and His Years of Pilgrimage* written by Haruki Murakami and translated by Philip Gabriel that was published in 2014.

3.3. Data Collection Procedures
