ABSTRAK

Farah Shiba Fadhilah. 2023. *Kesiapan dan Tantangan Mahasiswa dalam Program Keterampilan Mengajar: Survei pada Program Studi Pendidikan Bahasa Inggris, Universitas Negeri Jakarta.* Skripsi. Jakarta: Program Studi Pendidikan Bahasa Inggris, Fakultas Bahasa dan Seni, Universitas Negeri Jakarta, Juli 2023.

Program Keterampilan Mengajar merupakan mata kuliah wajib setara 6 satuan kredit semester (SKS) bagi mahasiswa Program Studi Pendidikan Bahasa Inggris, Fakultas Bahasa dan Seni Universitas Negeri Jakarta. Selama satu semester mahasiswa melaksanakan program praktik mengajar di sekolah yang tersebar di seluruh Jakarta. Seiring dengan penerapan Kurikulum Merdeka di sekolah, calon guru juga harus menyiapkan diri untuk menggunakan kurikulum baru ini dalam Program Keterampilan Mengajar. Tujuan dari penelitian ini adalah untuk menyelidiki kesiapan dan tantangan calon guru dalam mengikuti Program Keterampilan Mengajar. Responden penelitian ini adalah seluruh (40 orang) calon guru dari program studi Pendidikan Bahasa Inggris Angkatan 2020 Universitas Negeri Jakarta yang melaksanakan Program Keterampilan Mengajar di 8 sekolah di sekitar Jakarta Timur. Data dikumpulkan melalui angket dengan skala Likert 4 poin dan diskusi terpumpun yang berfokus pada aspek *key teaching competences*, *enabling competences*, *professionalism*, dan *personality* calon guru. Penelitian ini mengungkap tingkat kesiapan dan tantangan mahasiswa dalam 'administrasi', 'metodologi: pengetahuan dan keterampilan', 'penilaian', serta 'persiapan pembelajaran dan kursus' terhadap Kurikulum Merdeka sebagai 'kesiapan berkembang' dan 'sebagian besar penuh tantangan'. Namun, mereka memandang aspek-aspek seperti 'implementasi media digital,' 'perilaku profesional,' 'kepribadian,' dan 'keterampilan lintas budaya' sebagai 'pendekatan kesiapan' dan menganggapnya sebagai aspek-aspek yang 'sebagian besar tidak menantang'. Karena penelitian sebelumnya tidak mencakup kesiapan dan tantangan penerapan Kurikulum Merdeka bagi calon guru, penemuan yang diperoleh melalui studi penelitian ini dapat diterapkan di tingkat lokal.

Kata kunci: calon guru, tantangan, kesiapan calon guru, program praktik lapangan

ABSTRACT

Farah Shiba Fadhilah. 2023. *Student Readiness and Challenges for Internship Program: A Survey on English Language Education Study Program, Universitas Negeri Jakarta.* A Skripsi. Jakarta: English Language Education Study Program, Faculty of Languages and Arts, Universitas Negeri Jakarta, July 2023.

For students majoring in education, the teaching internship program is mandatory. Along with employing the *Kurikulum Merdeka* in schools, students' teachers must also prepare to use it through the teaching internship program. This study aims to investigate students' readiness and challenges for the teaching internship program. This study employs both quantitative and qualitative methodologies to achieve its objectives. In all, 40 English Language Education Study Program students' teachers batch 2020 at Universitas Negeri Jakarta completed questionnaires and participated in Focused Group Discussions focusing on their readiness and challenges based on key teaching competences, enabling competences, professional conduct, and personality. The research uncovered students' teacher students' level of readiness and challenges in 'administration', 'methodology: knowledge and skills', 'assessment', and 'lesson and course preparation' to *Kurikulum Merdeka* as 'developing readiness' and 'mostly challenging'. However, they perceived 'approaching readiness' and views them as 'mostly not challenging' aspects as in 'digital media implementation,' 'professional behavior', 'personality', and 'intercultural skills'. Because prior studies did not cover these areas all at once, the knowledge obtained through this research study applies locally.

Keywords: students' teacher, challenges, teaching readiness, internship program
