

PREFACE

Praise be all to Allah SWT, the Most Gracious, the Most Merciful, who gives me a strength and encouragement, so that this research paper can be accomplished. The research paper entitled “*Designing ICT Competences-integrated Models of Teaching of Practical Key Teaching Competences Courses for English Language Education Study Program*” is submitted to Program Magister Pendidikan Bahasa Inggris (PMPBI) of State University of Jakarta as partial fulfilment of the requirements for *Master of Education* degree.

I hope this research will give contributions to the English Education field. However, I realize that this paper is still far from being perfect and contains some weaknesses. Therefore, any suggestions and criticisms to improve this paper will be highly appreciated.
