

ACKNOWLEDGEMENTS

Alhamdulillah, the writer would like to express her abundant of happiness of after accomplishing her thesis under the title “Designing ICT Competences – Integrated Assessment Instruments of Theoretical Key Teaching Competences Courses for English Language Education Study Program.” This thesis will be presented to the Faculty of Language and Arts Universitas Negeri Jakarta as the requirements for getting the degree of M.Pd. (S-2) in English Language Education Master Program.

The first and foremost, the deepest gratitude is expressed to her beloved parents and her husband who always give her love, prayer, moral and financial supports in finishing her study, also her beloved brother who always keeps reminding me to finish this study. She also would like to express my special thanks of gratitude to my advisors, Dr. Sri Sumarni, M.Pd and Dr. Ratna Dewanti, M.Pd who have given their knowledge, valuable guidance, encouragement, patience, correction, and suggestion to the writer in finishing her research paper. She also would like to thank all lecturers and the staff and in Program Magister Pendidikan Bahasa Inggris, State University of Jakarta for all the support.

The writer’s sincere gratitude also goes to all inspiring lecturers and staffs in English Language Education Master Program who have taught the writer useful knowledge and skills, Mr. Yusuf Imron, as the staff administration in English Language Education Master Program who always helps the writer in organizing the documents, and his support to finish this study. She also would like to convey her gratefulness to her colleagues: Weby, Muthia, Rina, Tri, Chana, and Fheby for encouraging, sharing, coaching, discussing the knowledge and their generous

support to finish the thesis, the Assessment Instrument's team, the friends from Class A and B of PMPBI 2017 who have shared time and bittersweet moments together, and all people who cannot be mentioned one by one for their support and help. May Allah, The Almighty, bless them all, Amin.
