

## LIST OF TABLES

- Table 2.1 Descriptors of ‘\_Knowledge and Skills in Methodology’
- Table 2.2 Descriptors of Lesson and Course Planning
- Table 2.3 Descriptors of Digital Literacy
- Table 3.1 List of Data, Data Source, and Instruments
- Table 3.2 Data Collection Procedure
- Table 3.3 Analysis of The Existing Assessment Instruments’ Components of  
Theoretical Key Teaching Competences Course
- Table 3.4 Table Analysis of Examining Content of Assessment Instruments  
Components
- Table 3.5 Analysis of ICT Competences in the Existing Assessment Instruments
- Table 3.6 Analysis of ICT Competences in the Components of Existing Assessment  
Instruments
- Table 4.1 the Data of the Existing Assessment Instruments
- Table 4.2 the Components of the Existing Assessment Instruments of English  
Language Teaching Methodology (ELTM)
- Table 4.3 the ICT Competences Found on the Existing Assessment Instruments of  
English Language Teaching Methodology (ELTM)

- Table 4.4 the Components of the Existing Assessment Instruments of Curriculum and Materials Development (CMD)
- Table 4.5 the ICT Competences Found on the Existing Assessment Instruments of Curriculum and Materials Development (CMD)
- Table 4.6 the Components of the Existing Assessment Instruments of Digital Literacy in English Language Education
- Table 4.7 the ICT Competences Found on the Existing Assessment Instruments of Digital Literacy
- Table 4.8 the Components of the Existing Assessment Instruments of Language Learning Theories and Strategies
- Table 4.9 the ICT Competences Found on the Existing Assessment Language Learning Theories and Strategies (LLTS)
- Table 4.10 English Language Teaching Methodology Theories
- Table 4.11 Curriculum and Material Development Theories
- Table 4.12 Digital Literacy Theories
- Table 4.13 LLTS Theories
- Table 4.14 the Type of Assessment Instruments of Theoretical Key Teaching Competences
- Table 4.15 the Table of Specification Design Framework
