- (54) Take it way way back to the first black man
- (55) Long ago before the white man could paint the black man with a gun in his hand
- (56) Take it back, take it way back
- (57) Take it way way back to the first white man
- (58) At the very moment when they looked around
- (59) and said fuck it I'ma steal this land
- (60) Take it back, take it way back, take it way way back to about 1990
- (61) Shady Grove Hospital in Rockville, Maryland
- (62) 7: 36 a.m. Where a biracial baby was born
- (63) To a black father and a white mother
- (64) Father that wasn't there, addicted
- (65) To crack cocaine, alcohol, and various other drugs
- (66) Same as his mom
- (67) (Way, way back)
- (68) So I'm gonna tell you about that, I'm gonna tell you about how
- (69) All this young boy ever wanted was happiness
- (70) All he ever wanted was positivity
- (71) All he ever wanted to do was entertain
- (72) And this boy went through hell
- (73) You gotta understand, his mother was racist
- (74) Which is crazy
- (75) Because how in the fuck is you gonna have
- (76) All these black babies with black men But you racist
- (77) Like bitch, that don't make no sense
- (78) But it is what it is
- (79) You know, he grew up, her callin him a nigga
- (80) The kids at school callin him a cracker
- (81) Identifying as black, looking as white
- (82) Being told what you can or can't be
- (83) This kid went through everything
- (84) He went through...
- (85) He saw narcotics in the household
- (86) He saw violence, murderers, drug dealers
- (87) He was kidnapped, there was crazy shit that happened to this kid
- (88) And he persevered while the whole world said
- (89) What they said?
- (90) Said, said, said "you wouldn't be shit!"
- (91) You ain't gon be nothin, nothin, nothin, nothing
- (92) And I, and he, he said fuck that, I'ma persevere
- (93) And that's why the message is always peace, love and positivity
- (94) And see, he always saw things from two sides
- (95) He always saw things from two sides
- (96) He always knew that the message
- (97) Everybody, was born equal
- (98) Regardless of race, religion,
- (99) Color, creed, and sexual orientation He knew that because he saw that
- (100) Because he was stripped

(101) And torn down by his black brothers and sisters	and fighting and stealing and	(127) Hoping that it would happen
(102) That were uneducated and that did not know	(116) All this, because he didn't know, he didn't know!	(128) But the, but the, but the world said No!
(103) And he was stripped	(117) But he knew deep down in his heart that it wasn't right	(129) Mothafucka, little mothafucka no no, no no, no no, no no
(104) And he was torn down by his white side that did not know	(118) And he knew that he needed to get away from it	(130) Ya nigga, ya cracka, ya white boy, ya black mothafucka
(105) These people that are ignorant, that cannot see the bigger picture	(119) Now I want you to also imagine, that at 17 years old	(131) No no! (132) And he said fuck that
(106) That must fight, and kill, and murder each other	(120) This child, okay, leaves home and gets two jobs to support himself	(133) He said peace, love, and positivity
(107) But once again, all he ever wanted to do	(121) Two jobs that he works in the morning and the evenings	(134) He said equality for all man
(108) Was spread a message	(122) And then he would then come home to about 8 or 9 hours of sleep	(135) Regardless of race, religion, (136) Color, creed, and sexual orientation
(109) Of equality, for every man, woman, and child Regardless of race, religion,	(123) But spend 4, 5, 6 hours of that working on music, persevering	(137) Yeah (138) Now I also want you to imagine people telling him that he did not live this life
(110) Color, creed, and sexual orientation	(124) Grabbing the remote control and looking in the mirror	(139) "You just a white boy." "You ain't never experienced that shit."
(111) Now imagine this child growing up	(125) And pretending to see thousands and thousands and thousands of people	(140) "You from Gaithersburg, Maryland. Nothing happens there."
(112) And seeing the craziest shit	(126) Just chanting his name	(141) "Oh no, no, we no, we weren't there
(113) Being a part of the craziest shit		(142) We didn't live with you, in your Section 8 household.
(114) Running around with the wrong people		
(115) Running around with guns and knives		

- (143) We didn't live with  
the narcotics and  
violence in your  
household.
- (144) We just saw it from  
the outside, outside,  
outside, outside."
- (145) "And since you  
white, you gotta have  
money, right?"
- (146) And this young man  
persevered in spite of  
what people told him he  
was
- (147) Wasn't, would and  
would never be
- (148) And that man is  
here today, proud
- (149) A lover of all human  
beings
- (150) Regardless of race,  
religion, color, creed,  
and sexual orientation
- (151) Yeah, yeah
- (152) And he's here to say
- (153) Even though we're  
all born and created  
equal
- (154) We are not treated  
equally
- (155) There's extremists  
on every side
- (156) And you should just  
do your best to live life
- (157) And let other  
people believe  
whatever they wanna  
believe
- (158) As long as they're  
not hurtin' anybody
- (159) You can believe  
they're going to hell
- (160) You can believe it's  
not right
- (161) You can believe  
you're superior, fine
- (162) Just stop killing each  
other
