This research aims to know the existence of the influence of the method of cooperative script with media comics Command of an Eagle to the ability to write the text short stories grade XI SMA Negeri 4 Tangerang. This research is influenced by the problem of weakness motivation and skills of the students in the writing of the text short stories on the senior high school. This research using quantitative methods experiments using two-group pre-test and pos-test design, which consists of the control class and experiment. Sampling in this research using the technique of random sampling. This research on the control class given the actions of conventional method (lectures and ask for), and class experiment using the method of cooperative script with media comics Command of an Eagle. The results of the calculations obtained from normality test is $Lo (0,142) < Lt (0,157)$ and $Lo (0,151) < Lt (0,157)$ on classroom experiments and $Lo (0,153) < Lt (0,159)$ and $Lo (0,156) < Lt (0,159)$ on the control class with equal significance on two classes $\alpha = 0.05$, thus data pre-test and post-test are both have a distribution normal. To test results obtained homogeneity X^2_{tabel} is 7,81 while X^2_{hitung} is 7,361 with degree of freedom (dk) = (N-1) = 31 and equal significant $\alpha = 0.05$. Then the obtained $X^2_{hitung} (7,361) < X^2_{tabel} (0,95;3) (7,81)$, varians revealed homogeneous data. Based on the results of the test calculations of t obtained $t_{hitung} = 5,702$ and $t_{tabel} = 1.68$ in real rank 0.05. Thus it can be concluded that the research hypothesis stated that there is a positive and significant impact between the method of cooperative script with media comics Command of an Eagle against the results of the ability to write short story.

Key Words: The method of cooperative script, media comics Command of an Eagle, wrote the text short stories.
