TABLE OF CONTENTS

Abstract ……i
Approval …….....iii
Declaration ……...….....vi
Acknowledgement …….....v
Table of Contents ……..vi
List of Tables ……..……..viii
List of Figures ……..ix
List of Appendices …….....x

CHAPTER I: INTRODUCTION
1.1. Background ……..1
1.2. Research Questions ……...……..5
1.3. Purposes of the Research ……..6
1.4. Scope of the Research ……...……..6
1.5. Significances of Research ……..7
1.6. Key Terms ……..……7
1.7. State of the Arts ……..……8

CHAPTER II: LITERATURE REVIEW
2.1. Models of Teaching ……...……..…9
2.1.1. The Model of Teaching Approaches …….....15
2.1.2. The Design of Model of Teaching ……19
2.2. Reading ……21
2.2.1. Kinds of Reading Comprehension ……...…….....22
2.2.2. Reading Courses in ELESP ……26
2.2.3. Teaching and Learning Activities of Reading ……...…….28
2.2.4. Roles of Teacher in Teaching Reading ……30
2.2.5. Reading Comprehension and ICT ……32
2.3. Common European Framework of References ……...…….....33
2.4. Information, Communication and Technology …….....35
2.4.1. ICT Competences in Education …….……..35
2.4.2. UNESCO ICT Policies ……..……..39

2.4.3. ICT in Models of Teaching ……...40
2.5. Previous Research ……..…….....42
2.6. Conceptual Framework ……..….....44

CHAPTER III: RESEARCH METHODOLOGY

3.1. Research Design ……..….....46
3.2. Data, Data Sources, and Instruments…….....48
3.3. Data Collecting Procedures…….....51
3.4. Data Analyzing Procedures…….....52

CHAPTER IV: FINDINGS AND DISCUSSIONS

4.1. The Existing Models of Teaching of Reading Courses ……..55
4.1.1. Models of Teaching for reading Courses in four Universities ……....56
4.1.2. ICT-competences in the existing models of teaching ……...65
4.2. The Procedure of Integrating ICT into Models of Teaching of Reading …….69
4.3. The Design of ICT Competences-integrated Reading Models of Teaching ….....74

CHAPTER V: CONCLUSIONS AND SUGGESTIONS

5.1. Conclusions …….....79
5.2. Suggestions …….....80

References ……..….....81
Appendices ……..….....86

LIST OF TABLES

2.1. Bridging Models of Teaching Components ……10

2.2. CEFR ……34

3.1. Data, Data Sources, and Instrument ……48

3.2. Courses Names ……49

3.3. Observation Protocol ……50

3.4. Procedures in Collecting the Data ……51

4.1. List of Universities ……55

4.2. Observation Result in University C ……60

4.3. Observation Result in University D ……63

4.4. ICT Competences in existing Model of Teaching ……66

4.5. ICT Competences Integrated into Models of Teaching ……69

LIST OF FIGURES

2.1. Designing Models of Teaching ……20

2.2. Conceptual Framework ……45

3.1. Steps of R&D research ……47

4.1. Existing Models of Teaching for Reading courses in University A ……..57

4.2. Existing Models of Teaching for Reading courses in University B ……..58

4.3. Existing Models of Teaching for Reading courses in University C ……..62

4.4. Existing Models of Teaching for Reading courses in University D ……..64

4.5. Proposed Models of Teaching for Reading Courses ……74

4.6. Stages of Learning for Reading Courses ……75

4.7. ICT Competences Integrated Reading Models of Teaching ……77

LIST OF APPENDICES

Appendix 1 ……...…….86

1. Models of Teaching Components ……87
2. Bridging Models of Teaching and Syllabuses ……94
3. Protocol of Interview and Observation ……99

Appendix 2 ……..……..100

1. Analysis of Existing MOT ……...101
2. Analysis of ICT Competences in Existing Models of Teaching ……...128
3. Reading Courses ……...143
4. Integration of ICT competences into Models of Teaching ……...154
5. Procedure of Integration ……...…158

Appendix 3 ……...161

1. Proposed ICT Competences-integrated Models of Teaching for Reading Courses
2. Content of ICT Competences-Integrated Reading Models of Teaching ...180
3. Prototype Lesson Plan of Reading Courses ……...192
