ACKNOWLEDGEMENTS

Bismillahirrahmanirrahim

In the name of Allah Subhanahu Wa Ta'ala, the Beneficent, the Merciful

Alhamdulillah, all praises to Allah, most merciful and beneficent, for the blessing and everything He gives me to finish this thesis. I would like to express my deepest appreciation to all who provided me the possibility to complete this report:

My sincere gratitude to my advisors in conducting this research, Dr. Siti Drivoka Sulistyaningrum, M.Pd and Dra. Rutsje Helena Damongilala, M.Pd for their patience, motivation, enthusiasm and immense knowledge. Their guidance helped me in all the time of research and writing this thesis, I could not have imagined having better advisors for my S.Pd study.

A countless thanks given to my life time lovers: *Bapak* who never stop to encourage, motivate and strengthen me during thesis, *Ibu* for her late-night pray, unconditional love and delicious food she made, my siblings Mba Ayu, Mas Bangun, and Naufal for supporting me every time.

I would like to offer my special thanks to Vazrian for supporting, giving motivation and giving love, and for lending me laptop to do this thesis.

I would like to extend my thanks to my college partners: especially for Ihza, Yana, Fia, Tita, Aldho who keep reminds me to always pray on time and support me to finish this thesis. Thank you for all 14 DB members, for being great classmates I have ever had. Then, my best partner of thesis Atika, Iis, and Verina who always help me during my thesis.

The next special thanks would be for member of the port: Ucay, Diah, Stephanie, Icha, Eki, Naufal, Bayu, Rara, Faiz, Ali, Arif for the support and motivation. And also, Dien and Amal who always motivate me during my thesis.
