PENDAHULUAN ..................................................................................................... 1
 A. Latar Belakang Masalah ............................................................................... 1
 B. Identifikasi Masalah ....................................................................................... 8
 C. Pembatasan Masalah ..................................................................................... 8
 D. Perumusan Masalah ...................................................................................... 9
 E. Kegunaan Penelitian ..................................................................................... 9

BAB II ....................................................................................................................... 10
PENYUSUNAN KERANGKA TEORITIK, KERANGKA BERFIKIR DAN
PENGAJUAN HIPOTESIS ................................................................................. 10
 A. Deskripsi Konsep .......................................................................................... 10
 1. Kepuasan Wisatawan ............................................................................... 10
 2. Sikap terhadap Kebijakan Revitalisasi Kota Tua Jakarta ....................... 20
3. Penelitian yang Relevan dan State of the Art .................................. 32
B. Kerangka Berpikir ............................................................................. 36
C. Pengajuan Hipotesis ....................................................................... 39
BAB III .................................................................................................. 40
METODOLOGI PENELITIAN ............................................................... 40
A. Tujuan Penelitian ............................................................................ 40
B. Tempat dan Waktu Penelitian .......................................................... 40
C. Metode dan Desain Penelitian .......................................................... 40
D. Populasi dan Sampel Penelitian ....................................................... 41

E. Instrumen Penelitian ......................................................................... 42
   1. Teknik Pengumpulan Data .............................................................. 42
   2. Intrumen Penelitian ......................................................................... 42
   3. Uji Coba Instrumen ....................................................................... 44
F. Teknik Analisis Data ......................................................................... 46
   1. Pengujian Prasyarat Analisis ........................................................... 46
   2. Pengujian Hipotesis ....................................................................... 47
BAB IV .................................................................................................... 52
HASIL TEMUAN DAN PEMBAHASAN ..................................................... 52
A. Deskripsi Lokasi ................................................................................ 52
B. Deskripsi Data Hasil Penelitian ......................................................... 53
   1. Sikap terhadap Kebijakan Revitalisasi Kota Tua Jakarta (Variabel X) ... 54
   2. Kepuasan Wisatawan (Variabel Y) .................................................. 55
C. Uji Coba Instrumen ................................................................. 57
   1. Uji Validitas ........................................................................ 57
   2. Uji Reliabilitas ..................................................................... 59
D. Penguji Prasyarat Analisis ...................................................... 60
   1. Uji Normalitas ...................................................................... 60
   2. Uji Linearitas ....................................................................... 62
E. Pengujian Hipotesis ................................................................. 63
   1. Uji Regresi Sederhana ......................................................... 63
   2. Uji Korelasi Produk Momen .................................................. 66
   3. Uji T .................................................................................. 67
   4. Uji Koefisien Determinasi ..................................................... 68
F. Pembahasan Hasil Penelitian .................................................. 69
G. Keterbatasan Penelitian .......................................................... 70
BAB V ....................................................................................... 71
KESIMPULAN, IMPLIKASI DAN SARAN ..................................... 71
A. Kesimpulan ........................................................................... 71
B. Implikasi ................................................................................ 73
